Hi Mike,

I am writing to express my sincere appreciation to you and Mike for all of your hard work on the repairs at my house. You went above and beyond and the work that you did was of the highest quality with the greatest attention to detail. I also really appreciate your honesty, great communication, and following up with me several times along with completing the work sooner than anticipated.

It rained a lot yesterday with heavy rains and the house was completely dry. It gives me such peace of mind knowing that the leaking has been repaired so meticulously. Thank you again so much!

Sincerely,

Donna
